Take Time by the Forelock.

The miasma which generates epidemic fevers is now rising in clouds under the blazing beams of the dog-day sun. Every living body, as well as refuse animal and vegetable matter, emits unwholesome vapors, and in crowded cities and the dense assemblages which business and pleasure call together, the elements of disease are evolved. The pressure upon every vital organ is never so great as in the second and third months of summer, and common sense teaches us that these organs require to be reinforced to meet it.

We hold our lives, so to speak, on a *repairing lease*, and this is the season when the process of dilapidation is most rapid and repairs are most required. Therefore build up, prop and sustain the powers of nature with that mighty vegetable recuperant, Hostetter's Bitters. He who takes it may be said to clothe himself in sanitary mail, against which epidemic disease will hurl its poisoned shafts in vain. This is no gratuitous assertion, but a great *medical fact*, attested by twelve years' experience in every climate of the habitable globe. Extremes of temperature always disturb the functions of the stomach, the bowels, the liver and the skin. It is through these that the most dangerous maladies assail us. Tone them in advance with Hostetter's Bitters, and defy heat and malaria.

Hostetter's Bitters

Are sold wholesale and retail at very low rates at Fleming's Drug and Patent Medicine Depot, No. 84 Market street, corner of the Diamond and Fourth street.

Card from Judge Underwood.

WASHINGTON, April 16.—Judge Underwood, Judge of the United States District Court for Virginia, has published a card to correct a perverted report of one of his recent opinions in a habeas corpus case. Judge Underwood says: In that opinion I did not express a doubt of the legality of the late peace proclamation. Nor was it legally called in question by any one connected with the case. Nor did I express the opinion that the writ of habeas corpus could not be executed in one State while it was not suppressed in another; but the very contrary opinion. My opinion simply was that the late *Peace Proclamation* did not revoke the previous proclamation of President Lincoln, suspending in certain cases the writ in the States lately in insurrection, and stated that the Peace Proclamation did not and was not intended to have so broad and general an application as the petitioner supposed, and therefore refused to grant his prayer.

The Strike Among the Car Drivers and Caulkers.

NEW YORK, April 16.—The car drivers' strike continues on all the roads. Occasional cars are running on the Sixth avenue. It is rumored that the drivers are inclining to violence, and that a demonstration will be made to-day to tear up some of the track. Police are stationed in the various precincts where the drivers congregate. The Treasurer of the Second avenue railroad publishes a card this morning stating that the company in the last five years have lost one hundred and twelve thousand dollars.

The caulkers who are striking for a reduction in the number of hours for labor, have published an address to the merchants, ship owners and underwriters of the port of New York, stating that the exhorbitant bills made [illegible] are the doing of the master shipwrights, and not the actual charges of the caulkers themselves.

THE LATEST NEWS BY TELEGRAPH.

THE RECONSTRUCTION COMMITTEE.

Testimony of A. H. Stephens and Others.

THE CASE OF MAJOR GEE.

Judge Catron's Successor Nominated.

CONDITION OF LATE REBEL STATES.

WASHINGTON, April 16.—Among the mass of testimony submitted to-day from the Committee on Reconstruction, was that of Hon. Alexander H. Stephens. Mr. Stephens gives as his opinion that an overwhelming majority of the people of Georgia are exceedingly anxious for the restoration of the Government, and for the State to take her former position in the Union and enjoy all the rights and adjust all her obligations as a State under the Constitution of the United States as it stands amended. His opinion and the sentiment of the people of Georgia is: that the exercise of the right of secession was resorted to to render their liberties more secure, and from a belief on their part that this was absolutely necessary for that object. He thinks that the people are perfectly satisfied with the experiment, and that they will never resort to that measure of redress again. He believes that the only hope for their liberties now is the restoration of the Constitution of the United States and of the Government under the Constitution.

It is already known that Major Gee, the commandant of Salisbury, N. C., prison, is on trial before a military Court at Raleigh. Last week a motion was made on the part of the accused to quash the proceedings. The Judge Advocate received an order from the War Department to suspend the mustering out of officers detained to sit on the Commission, which order being dated subsequent to the President's Proclamation, was held to be tantamount to an order to continue the trial.

The Court decided against the motion, when the accused sued out a writ of habeas corpus before the Judge of the Superior Court of the State, which was served on General Ruger, commanding the military department of North Carolina, to have Major Gee before him on Saturday last. Intelligence received from Raleigh to-night stated the writ was granted, but Gen. Ruger refused compliance. It was argued by the prisoner's counsel that the United States was not represented. A decision is reserved until the 25th inst.

The President this afternoon nominated to the Senate for confirmation Henry S. Stanbury, of Ohio, as Associate Justice of the United States Supreme Court, in place of Justice Catron, deceased. This, and the nominations of Henry A. Smythe, as collector of the port of New York, and Samuel G. Courtney as U. S. Attorney for the southern district of New York, were referred to the appropriate Committee as is usual in such cases.

It is stated that the Joint Committee on Reconstruction will meet on Saturday to make up their final report.

The testimony reported to-day from the Committee on Reconstruction embraces the examination of a dozen witnesses relating to the condition of Arkansas, Mississippi, Alabama and Georgia. It is conflicting in its character in respect to all the States excepting the former, about which all the witnesses examined agree in testifying favorably.

Major General James G. Blunt was in Western Arkansas in the fall of eighteen hundred and sixty-five. Those who had been identified with the rebel government, and those who sympathised with and aided in the rebellion, were acting in good faith, according to the conditions on which they surrendered. The relation between the freedmen and resident people, including a great many returned rebels, seemed to be satisfactory. There was a disposition on their part to seek employment, and there seemed to be no apprehensions that they would be defrauded or ill treated.

Jonas M. Tibbetts, a lawyer and a loyal refugee from Arkansas during the war, returned to Little Rock in January last. The people of the State, including many of the leading spirits in the rebellion, then thought they could establish the confederacy, as was attempted in 1861. They would now prefer the restoration of the Union.

The witness read a letter from Governor Murphy in which he says: The State is doing nobly. I feel proud of the people of Arkansas. Never, since it has been a State, have the people displayed more energy. In most of the counties every foot of cleared land will be cultivated, and the demand will not be supplied. Civil law is in full operation. Crime is rare. The idle and the lawless have generally left the country. The Grand Juries are doing well. The hostile elements are harmonizing rapidly.

In reply to a question relative to negro suffrage, the witness said, I believe there are some who favor it, but I think there are very few, even among those who were Union men during the rebellion, or indeed among those who were in arms fighting against the rebellion.

The Fire Insurance Companies are said to have determined to raise their rates.

THE FENIAN DEMONSTRATION.

An English Flag Captured.

REVOLT AMONG VOLUNTEER TROOPS.

Suspicious Brig Captured.

NEW YORK, April 16.—The *Herald's* Eastport special says: Nine armed Fenians captured an English revenue flag on Judson Island last night. They belonged to the crew of a Fenian privateer, from which they lowered a boat, and proceeded with muffled oars to the spot, actually under the guns of the English war ship Pylades, and within reach, at any moment, of the picket boats. The flag was surrendered without a shot being fired. It is believed that there were no soldiers on the island.

Reports from Calais say that ten of the volunteers at St. Stephens, threw down their arms in revolt, but were arrested and imprisoned.

A suspicious brig was captured last night off the coast by a United States revenue cutter, and was towed into the harbor here today.

The United States steamer Augusta is to be sent to Maine, to prevent any violations of the neutrality laws by the Fenians.

AUGUSTA, ME., April 16.—Adjutant General Hodson left this afternoon for Calais, with instructions from Gov. Cony to see that the laws of the State are not violated through any hostile demonstrations that may occur from the alleged Fenian movement on the border. It is regarded as almost certain by the Mayor of Calias, who telegraphs to the State authorities for protection, that the Fenian movement is seriously apprehended in that quarter.

CALAIS, ME., April 16.—All is quiet on the St. Croix, and no disturbance has occurred here or at St. Stephens. A Fenian mass meeting is now gathering at St. Croix Hall, and will be addressed by B. Doran Killian, Major Sennott, and others.

The *Herald's* Washington special says: Mrs. Clement C. Clay has returned from Fortress Monroe within a few days, and has laid before the President recommendations for her husband's release on parole, from such officials as General Grant, Senator Wilson and Thad. Stevens. They all express the opinion that Mr. Clay will observe his parole, and that his conduct in giving himself up to the authorities entitles him to this much consideration. His release from confinement at Fortress Monroe is expected within a few days.

The *Tribune's* Washington special says: Mr. Wakeman returned last night, having, it is understood, taken with him a letter of appointment for Mr. S. G. Courtney, Assistant United States District Attorney, this being a compliance with the last wish of Mr. Dickinson, and being the message he sent to the President. The President has written a letter to Mrs. Dickinson expressive of his sorrow at the death of her husband.

The *Times'* Washington special says: The Secretary of War has announced that he would not confirm the sale of the magnificent car that bore the remains of Mr. Lincoln from this city to their final resting place in Illinois.

At last accounts the allies had not attempted to cross the Parana river for the invasion of Paraguay. The Paraguayans seem determined to hold out, and their daring incursions, having twice crossed the river in canoes and repulsed the vanguard of the Argentines, show the resolute resistance the allied army expect to encounter. The inactivity of the Brazilian squadron during these engagements had caused serious complaints. It is understood that the passage of the Parana will be undertaken immediately, and in all probability will only be effected with great loss to the allies.

At Buenos Ayres trade was good. Gold was firm and paper money scarce. Sheep fanning was prosperous.

There was a riotous tumult at Bradford, England, on the third inst., gotten up by Irishmen and Fenians, which lasted three days, in which the English portion of the population was beaten and insulted, and driven into shelter. Among the riotous exclamations of the mob were such as these: "To hell with the Queen"—"we'll take White Abbey and then easily take Bradford." The English residents in the locality were obliged to lock themselves in their houses, and some who were out dare not go into the locality until after midnight. The most active among the rioters and among those who assaulted the police were arrested and committed for trial.

CONGRESSIONAL PROCEEDINGS.

WASHINGTON, April 16, 1866.

SENATE.

Mr. Wilson reported without amendment, from the Committee on Military Affairs, the joint resolution appointing managers for the National Asylum for disabled volunteers.

Mr. Ramsey, of Minnesota, presented a bill which was referred to the Committee on Finance, for the establishment of offices for the melting, assaying, and stamping of gold and silver at Aubrey and Tuckson, in Arizona; Austin, in Nevada; Santa Fe, in New Mexico; Great Salt Lake City, in Utah; Boise City, in Idaho; Virginia City, in Montana, and Duluth, in Minnesota.

Mr. Ramsey introduced a resolution authorizing the appointment of a Committee, to consist of three officers of the Corps of Engineers, to report, next session, upon the best plans and proper places for bridging the Mississippi river with the least impediment to navigation, and appropriating $10,000 to defray the expenses.

Mr. Wilson reported from the Military Committee, without amendment, the bill to provide for the national defense by establishing a uniform militia and active volunteer militia, published heretofore.

Mr. Cowan presented a concurrent resolution of the New York Legislature asking Congress to appropriate $678,680 to pay for clothing furnished to soldiers in the war of 1812.

Mr. Wilson, from the Military Committee, reported a resolution of thanks to Gen. Hancock.

Mr. Stewart offered a joint resolution for the discontinuance of the Branch Mint at New Orleans, and the appropriation of its machinery to aid in completion of the Branch Mint in Nevada. Referred to the Committee on Finance.

Mr. Howe called up the Senate bill to rescind the order of the President designating the Sioux City and Pacific Railroad a branch of the Pacific Railroad. The order referred to was issued by President Lincoln, December 25, 1866.

Mr. Grimes offered a substitute for Mr. Howe's bill requiring the Sioux City and Pacific Railroad to construct their Pacific branch upon the best and most direct route, subject to the future approval of the President.

In the course of debate Mr. McDougall charged Mr. Conness with having a personal interest in the matter, and that he was discussing the bill in view to his own interests, and not with regard to the public good.

Mr. Conness excitedly said, Mr. McDougall was not in condition to know what he was saying.

Mr. McDougall pronounced this a falsehood.

A long colloquy ensued between Messrs. McDougall and Conness, during which highly exciting language was used.

Mr. McDougall was several times called to order.

Mr. Conness—The Senator (Mr. McDougall) does not represent California either politically or morally. He was enfranchised by that State five years ago, since which time he has not returned to see his constituents or that his constituents might see him. I have been compelled to sit here and submit to the assumptions and representations made by that Senator. I have borne it. I have sat in my place when that Senator, so far from representing that high toned, moral and courageous constituency—that great sovereignty, sat in his chair, or rather lay in his chair, the object of pity, before an audience assembled here from every State in the Union. I have covered my eyes more than once with shame before these exhibitions. My associates now must not understand that I am dead to all considerations of this character, but sit silently and quietly and in pity for him, when Senator McDougall, by the termination of his official career, should cease thus to misrepresent, thus to humiliate, thus to shock, and thus to disgrace, I could not bear it this morning in view of the wanton, unprovoked and disorderly assault made upon myself. The Senator rises here and bandies the word "falsehood," Mr. President, against me. The Senator dare not do that out of this body.

Mr. McDougall rose, rapped on his desk excitedly, and said, "I will do it."

Mr. Conness—The Senate have constantly done themselves and country wrong. It was not enough, Mr. President, for that Senator that this great body had concluded that he was not fit to be any longer a member of any of its Committees; to sit upon legislative questions. That secret but most positive condemnation, so far from bringing reformation or change, has sunk and degraded the object still more, sir, until having no character to lose, and nothing in controversy, he rises here and commits the last offense this morning.

Mr. Johnson rose and suggested that it would be better to discontinue discussion of this kind.

Mr. McDougall replied by telling a blasphemous story, when he was called to order and the discussion ceased.

On motion of Mr. Doolittle, further consideration was postponed until to-morrow.

The Senate agreed to appointing a Committee of Conference, on the resolution to prohibit the sale of liquor in the capitol.

Mr. Johnson introduced a bill authorizing the establishment of a navy yard, &c., at Annapolis. Referred to the Committee on Naval Affairs.

Mr. Hendricks called up the bill from the Naval Committee for the relief of certain naval contractors.

Several amendments were offered when the further consideration was postponed until to-morrow.

The habeas corpus bill was then taken up, but without action the Senate adjourned.

HOUSE.

The first business in order was the call of States for bills and joint resolutions.

Mr. Hill, of Indiana, introduced a joint resolution proposing an amendment to the Constitution of the United States, in the apportionment of representatives according to the number of votes in the several States, which was read twice and referred to the Committee on Reconstruction.

Mr. Jencks, of Rhode Island, introduced a bill providing for the election of members of Congress, which was referred to the Committee on Reconstruction.

Mr. Wilson, of Iowa, introduced a bill authorizing non-residents to have deeds recorded in the office of the Clerk of the United States District and Circuit Courts, which was read twice and referred to the Committee on the Judiciary.

Mr. Paine, of Wisconsin, introduced a bill to provide for the transportation of vessels around the Falls of Niagara, which was read twice and referred to the Committee on Roads.

Mr. Donnelly, of Minnesota, introduced a bill making a grant of lands to the State of Minnesota to aid in the construction of the Hastings, Minnesota river, and Red river of the North Railroad, which was read twice and referred to the Committee on Public Lands.

Mr. Hitchcock, of Nebraska, introduced a bill to provide for the erection of a penitentiary in the territory of Nebraska, which was read twice and referred to the Committee on Territories.

Mr. Hitchcock also introduced a bill to remove the office of Surveyor General of the States of Iowa and Wisconsin to Portsmouth and Nebraska, which was read twice and referred to the Committee on Public Lands.

Mr. McKee offered a resolution, which was adopted, requesting the President to communicate to the House any correspondence with the French Government with regard to the withdrawal of its forces from Mexico, which may have been exchanged since the correspondence communicated to the House with the President's message of January 5th, 1866; whether that correspondence has been published by the French Government among the official documents communicated or not, and especially any correspondence in regard to any specific promise from the French Emperor to put a stop to his proceedings in the sister Republic of Mexico, and discontinue Imperialism there.

Mr. Paine offered a resolution instructing the Committee on Rules to inquire into and report on the expediency of providing by amendment of the rules, that when the House shall have under consideration a bill or resolution returned by the President with his objections, neither a motion to lay on the table, nor to postpone indefinitely, shall be in order.

Mr. Eldridge moved to lay the resolution on the table, which was lost by a vote of 45 yeas against 57 nays. The resolution was then adopted.

Mr. Ingersoll offered a resolution instructing the Committee for the District of Columbia to enquire into the expediency of establishing by law the eight hour system, as it is called, as constituting a day's work in the District of Columbia.

Mr. Wilson, of Iowa, suggested that a proposition on the subject of the Government employees in the District was before the Committee on the Judiciary, and that the Committee had taken action on it.

Mr. Ingersoll said he was aware of that; but this resolution went further, and proposed to establish by law a regulation of the hours of labor in this District for all laboring classes.

Mr. Farnsworth moved to lay the resolution on the table, which was lost by 16 yeas to [illegible] nays.

The morning hour having expired, the resolution went over until next Monday.

The House then proceeded to the business on the Speaker's table, when the concurrent resolution prohibiting the sale of [illegible] and other liquors in the Capitol [illegible] and grounds was taken up, the Senate having disagreed as to the amendment of the House extending the resolution to the other public buildings and grounds in the District.

On motion of Mr. Wentworth, the House insisted on its amendment, and asked for a committee of conference.

Mr. Stevens asked leave to offer the following resolution:

"WHEREAS, It is important that our legations abroad shall be [illegible] advised of the state of the country, [illegible]

Resolved, By the House, the Senate concurring, that the Clerk of the House be directed to furnish [illegible] to each of our Foreign Legations, Consular agents and Commercial agents, for the use of said Legations and attaches, and that he pay the same out of the contingent fund of the House."

Mr. Rogers objected.

Mr. Hale made the question of order. This was a proposition to devote part of the contingent fund of the House to a purpose entirely outside of the organization and duties of the House.

The Speaker overruled the point of order. In an appropriation bill a sum was set apart for the contingent expenses of the House, and it was for the House itself to determine how that sum should be disbursed.

Mr. Stevens moved to suspend the rules in order to enable him to offer the resolution.

The House refused to suspend the rules by a vote of 60 yeas to [illegible] nays—not two-thirds.

Personal explanations were made by Mr. Whaley in reference to an article in the Cincinnati *Gazette*, and by Messrs. Rogers, Conkling, Raymond and Jencks in reference to a paragraph in the New York *Times* reflecting on Mr. Conkling, in connection with his action on the Bankrupt bill.

The House then took up the bill to re-organize and establish the army of the United States and proceeded to its consideration.

Pending the consideration of the bills, and after the adoption of the three sections, with amendments, the House adjourned.

CITY AND SUBURBAN.

Special Meeting of Allegheny Councils.

A special meeting of Allegheny Councils was held on Monday evening, April 16th.

In *Select*, present Messrs. Drum, Hall, Huckenstein, Irwin, Myler, A. D. Smith, J. B. Smith, C. C. Smith, Wm. Smith, Thomas and President M'Brier.

The President announced the special business to be, the consideration of the report of the Special Committee appointed to confer with the Western Pennsylvania Railroad Company in reference to the grade of certain streets traversed by said company.

Mr. Myler presented a remonstrance against changing the grade of Chestnut street from the canal to Ohio street. Adopted and referred.

Mr. Myler moved the adoption of the report, which was agreed to.

On motion of Mr. Myler, the profile of the Recording Regulator, fixing the grade of East Lane, Chestnut and Sycamore streets, was adopted, and the grades established accordingly.

On motion, the rules were suspended to take up other business.

Mr. Myler moved to reconsider the action in reference to the opening of North avenue, which was agreed to.

Mr. Hall moved to lay the matter on the table, which was adopted.

Mr. A. D. Smith offered the following, which was adopted:

Resolved, That the Street Commissioner, by and with the advice of the Street Committee, be instructed to have the drain on the south side of the North Common cleaned out and put in such condition as will prevent an overflow.

Mr. Hall called for information in regard to the ordinance granting the Manchester Passenger Railway Company the right to build a branch along Ohio street, from Federal street to Duquesne borough, which had been referred to the Railway Committee.

Mr. Myler stated that the Committee would be ready to report at the next meeting. The matter had been held under advisement in order that the Committee might be able to ascertain the provisions of the act chartering a company to construct a passenger railway across the Hand street bridge, along Anderson and Avery or Second streets to the city line. The Committee did not wish to hasten action, but wished to act for the best interests of the city.

After considerable discussion, Mr. Irwin offered the following ordinance:

Be it enacted, etc: That the Pittsburgh, Allegheny and Manchester Railway Company is authorized to extend their road on Ohio street, as provided in their charter—subject to all the provisions and regulations contained in an ordinance relating to said road, adopted the 22d September, 1859.

Mr. Drum called for the passage of the ordinance.

Mr. Myler opposed this hasty action, and intimated that there might be a "snake" in the ordinance.

Mr. A. D. Smith moved to amend by adding: "Provided that said company commence the construction of said road extension within thirty days, and prosecute the same to completion as soon as possible." Agreed to.

Mr. Thomas assured the Council that the Manchester Company intended to build the road in good faith, and that there was no intention on their part to "head off" the new company.

The ordinance was read three times and passed under a suspension of the rules.

The matter relative to the payment of bills for repairing the Gen. Grant Engine House, which was referred to a Special Committee in C. C., was taken up, and on motion of Mr. Huckenstein the former action was reconsidered, and action of C. C. concurred in. Messrs. Huckenstein and Patterson were appointed on behalf of S. C., as members of the Committee.

Mr. Irwin offered a resolution providing for the grading of the Diamond squares, which was adopted. In C. C., concurred in, provided suitable fences should be placed around the squares. S. C. Adhered and appointed Messrs. Hall and Irwin a Committee of Conference. No further action in C. C.

In *Common Council*—Present Messrs. Brown, Cunningham, Faulhauber, Hanna, Heckadorn, Megraw, Miller, McNeil, McDonald, Riddle, Walter, and President Benny.

The minutes of the previous meeting were read and approved.

The President stated that the Secretary had made a mistake in endorsing the action of Common Council on the report of the Fire Engine Committee, acted upon last meeting. It therefore was necessary to reconsider the action concurring with Select Council relative to the bills against the Grant Engine Company. A motion to reconsider was made and adopted.

Mr. Hanna moved that Council adhere to their original action.

Mr. McNeil amended by referring the matter to a Select Committee.

The motion as amended was passed, and Messrs. Heckadorn, Brown and Faulhauber were appointed as the Committee of reference on behalf of C. C.; concurred in by S. C., and Messrs. Huckenstein and Patterson were appointed on behalf of that branch.

The sanitary resolution reported from the Select Branch was on motion of Mr. McNeil non-concurred in, and the resolution upon the same subject passed at the last meeting of C. C. was adhered to. This resolution was so amended as to have one member from each election district appointed upon a sanitary committee.

Mr. M'Donald offered a resolution for the grading and paving of Frazier's alley, in the Second ward; a tax to pay for the same, to be assessed by the Street Commissioner, so soon as the cost is estimated. Also, for the grading and paving of Ward's alley. Read three times and finally passed.

The ordinance granting the right of way on Ohio street to the Manchester Passenger Railway Company, reported from the Select Council, met with considerable opposition.

Mr. McNeil asked if the ordinance granting that company the right of way on the thoroughfare would not interfere with the proposed new railway line. He thought it would, and was opposed to monopoly, and would vote to non-concur with the action of the other branch. Let the ordinance pass and possibly the prospect for the new railway connecting Pittsburgh and Allegheny City would fall to the ground. Why did not the Manchester line embrace the opportunity of laying a track there previous to the movement to construct a new road? They claim now that it is necessary for them to do so; but did not always the necessity exist? The gentleman was strongly opposed to the ordinace.

Mr. Cunningham was favorable to its passage. The more lines running the cheaper it would be to ride.

Mr. Megraw agreed with the last Speaker, and for that very reason—the Manchester Railway sought to monopolize the city. Allegheny had enough experience in such matters to know better than create another monopoly. The passage of this ordinance will seriously interfere with the projected new railway, and not being any more favorable to the one corporation than the other, but opposed to monopoly, he would vote to non-concur.

Mr. Riddle thought that the privilege to extend the road should be granted. Travel would thus be concentrated to the heart of the city.

Mr. Brown was also in favor of passing the ordinance. The Manchester Passenger Railway was an institution which benefited Allegheny, not Pittsburgh.

Mr. Hanna stated that he was in favor of allowing roads on every street in the city, the more, the better. He would vote for the ordinance. If there were three roads on one street it would make no difference.

The question to concur with the Select Council was then put and carried by a large majority.

On motion, adjourned.

Johnny Walls Redivivus.—The notorious Johnny Walls, keeper of a house on Liberty street, in the Fifth ward, who was fined three hundred dollars and sentenced to five months in jail, at the last term of Court, for illegal liquor selling, but being released from prison on payment of the fine, began his nefarious traffic almost as soon as he got out of jail, and processes were at once issued for his arrest. He managed to keep out of the way, however, until yesterday, when one of the Court officers seized him, and while he was being conducted to jail he broke loose and gave the officers a desperate chase. He was finally overtaken and lodged in jail. There are several charges pending against him, and the community would be greatly benefitted if he could be either kept in prison or chased out of the city.

Hunting a Bear.—Pat. McClure, who does the shaving and hair dressing for Uniontown, having heard of the excitement of bear hunting, concluded to try his luck one day last week. After reaching the mountain, and scouring about for a while, he succeeded in getting a bear, or rather the bear "got him." Pat missed his aim, and Bruin attacked him, chased him up a tree, tore his breeches nearly off, and lacerated his flesh considerably. He would probably have been killed had not the dogs divided the attention of the bear and made a diversion in his favor. Pat has learned that it was one thing to hunt a bear, and another thing to keep the bear from hunting him.

Way-Mail on the Pan-Handle Road.—We learn from a letter just received from Gen. Moorhead, our very attentive member of Congress, that the Postmaster General on the 13th inst., directed the Postmaster at Pittsburgh and Steubenville to send the mails daily, except Sunday, over the Pittsburgh & Steubenville Railroad, for the following offices, viz: Temperanceville, Broadhead, Mansfield Valley, [illegible], [illegible], Havelock, Midway, Candor, Burgettstown, Holliday's Cave and [illegible] Ferry. The route is numbered [illegible].

This will be a great convenience to the people along the line of the road.

Another Railroad Accident.—On Saturday afternoon the express train west, over the Pittsburgh & Steubenville Railroad, met with an accident at Walker's Mills, which detained it for several hours. A defective truck on the forward baggage car threw it off the track for a considerable distance, and the baggage car behind it was thrown completely across the track, bringing those behind it to a sudden stand-still. Fortunately, no one was hurt; but the train was detained until after night, as well as the accommodation train which followed it an hour or two later in the afternoon.

Fraternal.—Two brothers, Patrick and John Tuhey brought suits each against the other, yesterday, before Mayor McCarthy, for assault and battery. Patrick it seems gave John a "walking" last Saturday, which John repaid in the same coin yesterday. Patrick then resolved to seek redress from the law, when John, determined not to allow his brother to be ahead of him, instituted a cross suit. Patrick had a hearing and was committed to jail. John gave bail to answer.

Decision.—The case of the Manchester Passenger Railway Company vs. H. C. Mackrell, Esq., to test the authority of the company to charge [illegible] fare, has been decided by Alderman Donaldson, who gave judgment for the company. The [illegible] is not regarded [illegible].

District Court.

MONDAY, April 16.—Before Judge Hampton.

Christopher H. Orth, for use of Wm. G. Smith, vs. Wm. M. Howard, Samuel H. Cottrell, Geo. F. Dihm, and Lowrie Childs, partners doing business as Howard, Cottrell & Co. Action on a contract. It is alleged that the defendants, on the 18th of April, 1864, contracted with the plaintiffs for thirty-two thousand pounds of light blue "shoddy," at fifty-five cents per pound, deliverable at the Connellsville depot, at the rate of two thousand pounds per week; that the first shipment of two thousand pounds was made according to agreement, but that the balance was not delivered, making damages to the plaintiffs in the sum of $6,500. After the case had progressed somewhat, plaintiffs counsel discovered that their declaration was deficient, and asked leave to file an amended declaration, which was granted. The defendants' counsel then asked that the case be continued, in order that they might be prepared to meet the new allegation set forth in the amended declaration. The case was accordingly continued. Messrs. Hampton, Moreland and Smith appeared for the defendants, and Messrs. Howard and Childs for the plaintiffs.

Attempt to Break Jail.

Wm. Hernman, alias Rufus Connor, who robbed Douglas' hat store, on Wood street, and who is in jail awaiting trial on another charge made an unsuccessful attempt to escape from prison yesterday morning. Several days ago he was discovered, by Warden White, in company with his cell mate, Michael Panner in the act of digging into the wall, and was removed to a cell in the lower range. He did not give up the attempt, however, notwithstanding the removal. A large stone in the floor had been broken by some means prior to his incarceration in the cell, and in order to render it more safe an iron bar had been placed over it which was firmly secured by embedding the ends in the adjoining stones with lead. Yesterday it was discovered that Conner had removed the iron bar, and, using it as a lever, had succeeded in removing the broken stone. In this way he succeeded in getting beneath the cell floor, but his progress was suddenly checked by the heavy stone archway under the cells. He will now be kept in irons until such time as the Warden may see fit to relieve him. Warden White keeps a sharp eye and a tight grip on his "birds."

Book Notices.

"THE BORDER RIFLES. By Gustave Aimard. Philadelphia: T. B. Peterson & Bros."

The "Border Rifles" is not a tale of the border between the North and South, or of the border war between the Northern and Southern States, but of the Canada border, and is a novel after the worldly style for which this author is famous. He has written as many novels as Walter Scott, and by those who have never read any other author he is regarded as fully equal to Scott or any other man. We might be inclined to differ from this view ourselves, but we will not disturb it or controvert it, just now.

"ASPHODEL. Boston: Ticknor & Fields."

A story of New England life—of New England literary life; and although rather florid and overstrained in style—from which we judge it to be the product of a young writer—it is, like most New England books, readable and palatable to the literary taste of the day. The plot is not as stirring as that of one of Mrs. Woods' novels, and the movement is decidedly more slow; but we do not think that any objection to it, nor will any cultivated reader. It would be the better, doubtless, if its pages had a little more life in them, but altogether it is a good and pleasant story to read.

M'Elroy, Dickson & Co.

During our perambulations through the city yesterday, we took occasion to pay a visit to the extensive dry goods house of Messrs. M'Elroy, Dickson & Co., No. 54 Wood street, and were conducted through the various departments of the establishment by one of the firm. From basement to roof goods in endless variety, comprisidg everything pertaining to the dry goods business, met our eye. The first or basement floor is used for muslins, flannels, etc.; the first floor fronting the street, for cloths, cassimeres, etc. The second story is devoted to prints and dress goods, and the third story to notions of all descriptions.

This establishment is perhaps one of the oldest dry goods houses in the city, dating back for a period of twenty-eight years, during the greater part of which time it was conducted under the style of Hampton, Smith & Co. Its present proprietors are gentlemen having a thorough acquaintance with the business, and by judicious investments, they are prepared to offer superior inducements in the purchase of all articles of dry goods. We would recommend country merchants and city dealers to pay them a visit. The gentlemen comprising the firm, as also the attaches, are affable and obliging, and their liberal dealings have ensured for them a large and constantly increasing business.

The Eye, Ear and Catarrh.

Dr. Gardner, the eminent eye and ear surgeon, of New York, is now at the Monongahela House, and will remain until Saturday next, April 21st. Those who are suffering with diseases of the eye, ear and catarrh, will have an opportunity of consulting him. Dr. Gardner could never have obtained the testimonials which he possesses except by the display of great skill and learning in his profession. The doctor can refer to a number of citizens in this city and vicinity, who have been cured by him. Those who are suffering from deafness, diseases of the eye or catarrh, by all means should go and consult him; he can inform you whether or not a cure can be effected.

"A Tale of Sadness."—We are in receipt of $6 additional—$5 from one gentleman and $1 from another, for the relief of a destitute clerk, whose sad case we mentioned a week ago, making $82,25 received in all. We learn from the kind-hearted lady who called attention to this case through our columns, that the dying man for whose benefit this aid was contributed, received it most gratefully. "Could you," she writes to us, "and the generous donors, have been with me and witnessed the gratitude that beamed from his eyes as, with great difficulty, he whispered his thanks, you would have been moved." The relief we know was most timely, and has smoothed the way to the grave of one who was in deep distress.

Base Ball.—Now that the pleasant weather has fairly set in, the Base Ball Clubs (of which there are quite a number in the two cities) are about re-organizing for the season. The Union and Central Skating Parks will be prepared for the use of the clubs, and the games will doubtless be witnessed by larger numbers than heretofore, as there will be seats, and other accommodations for spectators. The exercise is highly beneficial and exciting, and we hope the clubs may receive that encouragement which they deserve.

Passing Counterfeit Money.—Joseph Hoffman, of Allegheny City, made an information before Mayor Morrison, against a man named Albert Riley, charging him with passing counterfeit money. Riley, it appears, purchased some goods from Hoffman, for which he tendered in payment a twenty dollar "greenback," which was received and subsequently ascertained to be a counterfeit. Riley was arrested, and on returning good money to Hoffman, was discharged.

Charged with Horse Stealing.—Bailey Mitchell yesterday instituted suit before Alderman Strain against Stephen Secrease, whom he charged with stealing a brown horse, valued at one hundred and fifty dollars. A warrant for the arrest of Stephen and a search warrant were placed in the hands of officer Seth Wilmot, who started in pursuit of the defendant, and to recover if possible the horse alleged to have been stolen. Both parties are colored.

Larceny of Clothing.—George Clark yesterday made information before Alderman Taylor, charging Bridget Hogan with the larceny of two pairs of pants valued at twenty-four dollars. At the same time complaint was made against a masculine party for assisting Bridget in the larceny, but who had not been arrested up to last night. The parties reside in the Ninth ward. Bridget was held for a hearing this morning.

The Tax Payer's Guide, noticed in our columns a few days ago, was prepared and published by Mr. J. R. Newman, who has copies for sale at the City Treasurer's Office. Those who are liable to forget the times for paying taxes, &c., will save money by having a "Guide" posted up in their places of business. Every tax payer will save trouble by having a copy.

Pithole.—The Meadville *Republican* says: The supply of oil at Pithole has fallen off from a daily average of eight thousand barrels to from twenty-five hundred to three thousand barrels. The price of oil is also greatly reduced, being now only four dollars per barrel at the wells. It is feared that Pithole has seen its best days.

Threat to Kill.—John Karney yesterday brought an action of surety before Alderman Strain against Robert White, whom he charges with threatening to kill him, and fearing that he might attempt to execute his design, desired that White should be arrested and held to bail, which was accordingly done.

Wife Desertion.—James T. Caldwell has been arrested and held to bail by Alderman Donaldson, to answer a charge of having deserted his wife Martha. She alleges that he has not contributed a dime for her support for two years past. He will have a trial at the next term of Court.

Case Dismissed.—John Robinson, who was charged before Alderman Strain on oath of Wm. McKnick, with false pretense, had a hearing yesterday morning. The Alderman dismissed the case at the cost of the prosecutor, the evidence fully exonerating the accused from the charge.

Knock-Down.—Robert [illegible] yesterday preferred a charge of assault and battery, before Alderman Strain, against Henry Miller, whom he charges with knocking him down by a blow of his fist on the river bank. The accused was held for a hearing next Wednesday.

Charge of Larceny.—Eliza Brown yesterday made information before Alderman Butler, against Maria Roberts, charging her with the larceny of a set of blinds, valued at about five or six dollars. The parties are colored. Maria was held for a hearing.

Death of Isaac Beeson, Esq.—Isaac Beeson, one of the leading business men of Pennsylvania, and one of the most prominent men of Fayette county, died at his residence, the Mt. Braddock estate, near Uniontown, on Monday night, the 9th inst.

Arrived.—The monster organ for St. Paul's Cathedral has been shipped to the city, and was being placed in the church yesterday. There are but two larger in the country. It is thirty-seven feet wide, and sixteen feet deep. It will cost about $16,000.

Destructive Fire in the Ninth Ward.

About twelve o'clock last night a fire broke out in the patent barrel and bucket manufactory of Guthrie & Sill, on Taylor street, Pitt township, opposite the Skating Park. The nature of the works, there being a large quantity of staves on hand, together with a stock already finished, caused the fire to spread quite rapidly, and the building, with its contents, became engulphed in flames before the steamers could arrive on the ground. When they did arrive they were unable to save the building, which burned to the ground. The firemen, however, prevented the flames from spreading to any of the various works adjoining. The copper works of Park, McCurdy & Co. were threatened for a while, and some sheds attached thereto were burned, but no other damage was inflicted. Owing to the lateness of the hour, we were unable to obtain the amount of loss sustained, but it is quite heavy, not less than $15,000 to $20,000. The fire is believed to be the work of an incendiary.

Singular Case of Suicide.

Nicholas Keim, an industrious and highly respected citizen of Addison township, Somerset county, committed suicide a few days ago by shooting himself through the heart with a gun. He took his gun from the house, telling his wife that he was going over to another farm that he had purchased, to see how the boys were getting on with plowing. After visiting the boys, he told them he was going to shoot crows. There was not the least suspicion that he meditated self destruction, and his movements were not watched. He went to the barn, got into the hay loft, and after drawing the rammer from the gun he had placed the muzzle over the heart, and pulled the trigger with the rammer. The deceased was social in his habits, was industrious, accumulated money rapidly, and seemed to enjoy life. Why a man in his circumstances should take his own life is one of those things which lie beyond human ken.

Live Institution.

The Allegheny Library Association is in a most flourishing condition, and bids fair to become a most important auxiliary in the dissemination of light and knowledge. As an evidence of the manner in which the citizens are sustaining this important enterprise we are gratified to state that one hundred new members have been added to the list during the past two or three days. The Library room is in tip-top order, and young men, (and ladies too,) cannot find a more inviting place in which to spend their leasure hours. We may mention in this connection, that arrangements have been made for holding a public meeting in the Library room, on Thursday evening, the 26th inst., at which addresses will be delivered by Rev. W. Howard, D. D., and Rev. Joseph R. Kerr. The friends of the institution are cordially invited to attend.

Mysterious Disappearance.—Emma Watkins, aged fourteen years, and residing with a widowed mother in the basement of the Welsh Baptist Church, on Chatham street has disappeared in a very mysterious manner from her friends. On Monday of last week she left her home to pay a visit to a grandmother living at Sawmill Run, intending to return the day following, but since that time her mother has seen nothing of her. She supposed that her daughter had been detained at first by her grandmother, but was afterwards informed by the old lady that Miss Emma had left her house on Tuesday for the purpose of returning home, and she supposed she had gone home. Any one who can give any information as to the missing girl will relieve the suspense of an anxious mother.

Abusing a Horse.—Proceedings were yesterday instituted by E. C. Rich before Alderman Strain against a man named Jacob Matter, under the code providing for the punishment of cruelty to animals. It appears that Rich hired a horse to Matter, from Patterson's livery stable, on Third street, and it is alleged that he beat and abused the animal in a shameful manner. Matter resides with his father who is proprietor of Sweitzer Hall, in the Fifth ward. The accused was arrested and held to bail in the sum of five hundred dollars, to answer.

Heavy Robbery.—We learn that two gentlemen stopping at the Monongahela House, were on Saturday night last robbed of a large amount of money (reported at $16,000.) The matter is in the hands of the Chief of Police, who is endeavoring to bring the thieves to justice.

A. P. A.—The 337th anniversary of Luther's Protest will be celebrated at City Hall on Thursday evening next. S. B. Finley, Esq., of Kittanning, and Gen. Pierson, of this city, will deliver addresses. One or two German speakers may likewise be present.

Nuisances Abated.—Prosecutions were brought before Mayor McCarthy yesterday, against John Herron, Thomas Bell, Jas. Logan, J. Quinn and Jacob Hays, for maintaining nuisances, but the nuisances in each case having been abated the suits were discontinued.

A FREE RAILROAD LAW.

Yesterday we pointed out some of the obstacles in the way of securing the election of members of the Legislature of Pennsylvania who would be certain to vote in favor of a General Railroad Law. We now propose to speak of a different class of obstacles; that is, obstacles proceeding from a different range of causes, and therefore not liable to abatement by the same means, if at all.

It may be taken as absolutely certain that all railroad companies, whether their works are actually completed and in operation, or only in process of construction, are opposed to freedom in railroad building. Their opposition will be found intense and efficient just in proportion to the value of the special privileges they hold by charter. If a particular line is barely paying expenses, or perhaps falling in arrears, the owners are not afraid of competition, for the plain reason that no persons can be found disposed to compete with them. But when a line is profitable, and, especially, when there is no appreciable limit to the increase of traffic, the holders of the franchise may confidently be relied upon to oppose either the granting of special charters to conflict with their interests, or, which is the same thing, a Free Railroad Law. In this respect the conduct of the Pennsylvania Railroad Company is not exceptional, but in accordance with the uniform rule. The Reading Railroad Company, the Delaware, Lackawanna and Western, the Pittsburgh, Fort Wayne and Chicago, and the Atlantic and Great Western Company, are here all in the same category. There is a good deal of human nature in railroad managers. No private individual, having a profitable business, is likely to invite competition, or to allow it if in his power to prevent it.

Moreover, opposition to a Free Railroad Law is to be anticipated not simply from the officers of existing railroad companies, but from their stockholders and dependents. Men are not ordinarily so disinterested as to work against their own welfare. Whatever may happen when the millennium shall arrive, it will not at present do to count on men undermining themselves in order to give their neighbors a better chance.

Here are interested, numerous and powerful classes, who will be certain to thwart, if possible, all efforts for the obtainment of the law in question.

Beyond these, there are still larger numbers who are indifferent to the issue. These are the men who live in districts already sufficiently supplied with railroad facilities. By sympathy and neighborhood they are likely to incline to the restrictive policy. Having obtained under that policy all they desire, they are naturally content with it, and fail to see why other people should not be.

Then there are the inhabitants of districts who are looking confidently, and not without cause, to one or other existing corporations to develop their sections through the construction of branches. Nothing is more natural than that they should either be apathetic on the question of free railroading or actually in opposition thereto.

Now, let any man take a map of Pennsylvania, which [illegible] addition to geographical configurations, the various railroads, commenced and in operation, and he will be able to compute, with approximate accuracy, what senatorial and representative districts are likely to feel a special interest in opening railroad construction to free competition; and what districts will be apt to hold their members to rigid accountability if they oppose that proposition. We suspect there are more districts likely either to side with the monopolists, or to care nothing about the question, than is commonly apprehended.

Besides, the monopolists have this other advantage; whatever jealousies they may indulge towards each other, on this matter, if a distinct issue shall be made up, they will be pretty sure to be at agreement and to act in concert.

The conclusion we arrive at is this: if the friends of a Free Railroad Law mean to succeed, they must resort to a thorough organization, devise a just, impartial and comprehensive plan of operations, and pursue it with unflagging energy.

THE LAW regulating the appointment of United States Assessors and Collectors requires that they shall be *residents* of the districts from which they are appointed. As GOV. JOHNSTON is not a resident of the Twenty-third district, his appointment as Collector of that district is consequently illegal.

Aside from this, however, the people of the Twenty-second and Twenty-third districts may as well be notified that they have this matter in their own hands. The appointment of GOV. JOHNSTON is put forward as a mere experiment—a feeler to test the temper of the people. If they submit quietly to such appointments every one now holding office under the Government will be removed; but if they prove restive and resist such an encroachment, the experiment will not be pushed any further, at least in such strong Republican districts as these.

It is for the people, therefore, to express their disapprobation of the contemplated changes at once and emphatically. Everybody here knows that the people of the Twenty-third district do not want GOV. JOHNSTON in the office to which he has been named; but that fact must be made apparent at Washington to give it the desired effect.

THE extreme Democratic journals still urge the President to resort to violence to give the Southern members elect seats in the two Houses of Congress. These same Democrats urged the Southern leaders on to rebellion with promises of support; but failed when the hour of trial came.

IF, when Lee and Johnson surrendered, Congress had been assembled in special session, measures would probably have been concerted and adopted which would have resulted in the admission of the Southern delegations before this time.

THE present Congress will not adjourn without providing by law for the organization of the next Congress on the basis of excluding the Southern members.

AUSTRIA AND PRUSSIA.

Germany has the misfortune to be divided into thirty odd independent sovereignties, held in a loose sort of Confederacy. Austria and Prussia both aspire, not simply to the leadership of the Germanic Confederacy, but to the ultimate absorption of the smaller kingdoms, the principalities and free cities. To attribute this aspiration simply to the ambition of the houses of Hapsburg and Hohenzollern would be to reason superficially. The instinct of nationality is just as powerful in Germany as elsewhere, and notwithstanding the diversities of religious faith prevailing among the people, has given some striking exemplifications of its vitality and potency. Strong reasons exist why Germany should be consolidated; reasons which respect not barely its own security and influence, but its capability of restraining the French domination in the political affairs of continental Europe, which is becoming intolerable.

Recognizing the tendency of the various parts of the Empire to draw together in a closer and more efficient union than now obtains, the Germanic powers are jealous of each other. While all want the object accomplished, each wants to reap the major part of the advantages; that is, Austria desires to have the consolidation perfected to the aggrandisement of the House of Hapsburg, and the consequent retention of Vienna as the capital city, while Prussia wishes to raise the House of Hohenzollern still higher and to magnify Berlin by making it the chief city of the Empire.

After the joint seizure of Holstein from Denmark, Prussia made an appropriation of the territory which excited the anger of Austria. Now, she manifests a disposition upon the first opportunity, to absorb several of the smaller principalities. Such an opportunity would occur if Austria should again be thrown into a conflict with united Italy for the maintenance of her Venitian possessions. Count BISMARK, the Prime Minister of Prussia, strongly favors this policy of absorption. Such of the minor reigning princes as allow reason to bear sway instead of vanity, take to it kindly; for it is clearly better for them to hold the rank of leading nobles in a vast monarchy than to keep the status of petty sovereigns neither respected nor feared by their neighbors. Prussia does not find it difficult to discover plausible pretexts for the gratification of her ambition. Austria has felt uncomfortable under the menace offered to her pride and territorial integrity. The result has been that angry notes have passed between the two courts and simultaneous movements made towards readiness for war.

Meantime, an apprehension has prevailed that in case of rupture the non-Germanic provinces of Austria would rise in revolt. The latest accounts put a different face on their intentions. It is now stated that Hungary, as during the fierce trials of MARIA THERESA, will stand fast by the Austrian throne, and will put a force of 150,000 men into the field for that object.

By the rules of the Germanic Confederacy, the contingent of Austria, in case of a war, is 160,000 men; that of Prussia 130,000; and of the smaller States 200,000; this apportionment being on the basis of the strictly German population. It would seem, therefore, that the zeal evinced by Hungary in behalf of Austria, must so equalize the comparative forces as to lessen the chances of a war which, in case it should be fully inaugurated, would be likely to involve most of the European nations.

CIRCULARS and letters have been sent out this week from the War Department and General Grant's headquarters, to the Department and the Division Commanders of the South, in explanation of the President's recent peace proclamation. They are informed that it does not discontinue martial law, and does not restore the privilege of the writ of *habeas corpus*. It was also stated to them that the troops are not to be withdrawn at present, that more will be sent to any place they are needed, and that the duties and prerogatives of the military are not in any respect thereby abridged.

Will any admirer of the President's Policy explain what sort of Peace this is which subjects the Civil to Military Law?

POLITICAL ITEMS.

THE VETO POWER having been much discussed of late, the following record of instances of its being wielded will be interesting to the general reader: By George Washington, 2; James Madison, 6; James Monroe, 1; Andrew Jackson, 9; John Tyler, 4; James K. Polk, 3; James Buchanan, 1; Andrew Johnson, 2.

HON. A. G. WILLARD, of Vermont, whose name was published as one of the vice presidents of the Johnson Union Club, has written a letter denouncing the whole movement, and demanding the withdrawal of his name. Mr. Willard is an opponent of Andrew Johnson's policy.

THE popular indignation in Wisconsin against the President has moved the Legislators of that State to change the name of one of the eagles kept at the State capitol from "Andy" to "Timothy." Thus while the President in his indignation turns Col. Forney into a defunct fowl, the Wisconsin Legislators transform the fowl "Andy" into grass.

THE Democratic papers are now censuring the President that he did not carry Connecticut for them. They say he went just far enough to *lose* the State when he might have carried it, and they further say he *ought* to have carried it. It may be some consolation to them to reflect, that if the President did not carry the State for the Democrats, he at least tried to, and most certainly did not carry it for the Republicans.

THE HON. John A. Kasson, of Iowa, having been approached on the subject of running as independent candidate for Congress at the next election, replied as follows:

"If am a candidate, it must be a thorough-going Republican, one who began in 1848, who helped build its platform in 1860, on which it gained its first success, and who adheres to the platform of 1864, and who expects to adhere to the Republican platform and candidates of 1868. I am neither for nor against any as against the Republican party and its principles. I am against Andrew Johnson all the time, if he is against the protection of loyal Unionists, both white and black."

THE St. Louis *Democrat* says there was considerable excitement on Change, day before yesterday, on the discovery that the commission and forwarding house of Hollowbush & Co. had closed, and the firm absquatulated. The house has been operating for about a year, and stood fair until recent events came to light. It is stated that for several weeks past this firm has been purchasing large quantities of flour, corn, &c., at prices higher than the market rates, which they shipped South, promising to pay in the usual time. After purchasing about $50,000 worth of goods, both partners disappeared, leaving a large number of creditors in the lurch. Nearly all our flour merchants are in for amounts ranging from $500 to $5,000. Hollowbush, the head of the firm, was a Major in the Union army.

WE have seen a private letter from Washington Territory, dated the 10th of January, which states that the winter there was over, and the weather spring-like; the birds had been singing all the winter, which was very moderate and brief, and everything there was lovely. They had heard of the coming of a ship load of Eastern women, and there was much anxiety for their early and safe arrival. The writer says women in that region are scarce and much needed, which goes to prove that Mr. Mercer is not, as has been charged, engaged in a swindling enterprise at the expense of poor women. We doubt not that his human cargo will be welcomed with open arms by the forlorn batchelors on that far-off coast.—*Chicago Journal.*

GENERAL NEWS.

THE [illegible] of the extent to which apparently sensible ladies were willing to exhibit themselves till the present style of hoops, small at the top and very large at the bottom, came in vogue. A lady was surprised recently on remarking to a gentleman friend that the "spring opening" was at hand, by his replying, "Yes, I suppose spring has come, for I see the ladies have taken off their flannel petticoats." And this saucy individual had no better chance for observation than every man on the street has.

EX GOV. ALLEN, of Louisiana, criticises Mr. E. A. Pollard as follows: "Who is Mr. E. A. Pollard? He is a Virginian, the editor of the Richmond *Examiner*, and the author of the 'Southern History of the War.' We have grief for the first, blushes for the second, and contempt for the last. * * * * Pollard wanted extermination, but he was in New York city, hob-nobbing with Greeley, and telling the pleasant story in his pleasant way, of the four years' war. He wanted fifty thousand men to fight a million to the death, but he never fell in beside them, and preferred to share a common fate. Like Job's war horse, he snuffed the battle from afar."

IN one of Brigham Young's sermons he says: "The man that sells liquor, and thinks to escape damnation, fools himself." He has, however, changed his sentiments on this subject, and has determined to save the whole class of liquor venders from the hard fate by taking the damnation upon himself alone. He has forbidden all to sell, and has opened a bar himself, the only one in Salt Lake City. He claims and exercises the sole right to sell liquor by wholesale or retail.

THE City Council of Cairo, at a special meeting on Wednesday night, the 28th, voted to subscribe $100,000 toward the St. Louis and Cairo Railroad, and ordering an election April 30th, for the people of the city to vote upon the action of the Council. They further unanimously resolved that the sum of $5,000 be at once advanced to the road to assist in defraying the expenses of survey, &c.

A REMARKABLE case of conscience occurred in Troy, N. Y., one day last week. A vigilant county official having occasion to go into a lawyer's office, left there a wallet containing $5,000 and went away forgetting the character of the inmates. There were two lawyers present when it was discovered, but with rare honesty they mutually decided at once to return the money.

WE have fallen on pestilential days. Cholera in the Orient, Italy and South France, Trichina in Germany, Rinderpest in Russia, Holland and England, whereunto the Sheep Plague is added—these are not all. Even the birds in Italy are dying by thousands of miasma, and a marine epidemic on the coast has made shrimps of the French oysters.

A DAILY line of Concord coaches has been established between Omaha and Salt Lake, and a tri-weekly fast freight line. The Omaha line is a distinct line of itself. Omaha is the starting point of the Great Platte route and *entrepot* for the through travel on it, which, as a through route between the Atlantic and Pacific, can have no rival.

A MOST extravagant story is told from Cincinnati about a lady in Brown county, Kentucky, who, a few days ago had twins—a boy with eight teeth and a girl with four. We presume the mother will forthwith proceed to wean her precious darlings.

PAPER.—We understand one house in New York has imported 70,000 reams of paper, and that a decline must soon take place. There never was a more unscrupulous monopoly than the present one that controls the price of paper.

WE learn from New Orleans that the ship Porter was destroyed by fire at Apalachicola recently. She had 1,400 bales of cotton on board, half of which was saved in a damaged condition.

MR. DICKINSON'S SUCCESSOR.—Judge Charles A. Peabody is spoken of as the probable successor of Daniel S. Dickinson as United States Attorney for the Northern District of New York.

MORALITY has taken a high standard in Carson City, where there is a dancing school conducted on very strict and Puritanical principles—"cash in advance, and no huggin'."

THE Pennsylvania Legislature has passed a law, enabling oil companies to mortgage their property for the purpose of raising funds to proceed with the development.

DANIEL WILLIAMS, Postmaster at Franklin, Tennessee, has been arrested, taken to Nashville and committed to jail, charged with robbing the United States mails.

A NEW YORK GENTLEMAN has taken the veil; but it was a five-thousand-dollar bridal veil with a young lady in it.

FOREIGN ITEMS.

A LETTER from Rome says that a curious anecdote is told of Capt. Bosquet, the French officer who gave the order to fire on the Papal dragoons at Castel Gandolfo. He recently applied to the Pope for his signature to an indulgence to one of the images which Catholics are in the habit of sending to their families. The Pope was told who he was, but received him without any appearance of resentment, writing his name and a few words in Latin in the usual way on the image. Capt. Bosquet boasted of this among his fellow-officers, but when the image was examined the inscription was found to be the words of the Saviour to Judas Iscariot.

AN Englishman living near Bath, recently received a ticket for a Frankfort lottery, which he threw aside. The ticket subsequently got into the possession of the servants, four in number, who made up and remitted to the proper quarter the price of the ticket, £4. Recently the original owner was surprised at receiving notice that the ticket forwarded to him had gained the first prize, amounting to £20,000, which of course falls to the lot of the servants.

THE MUSARDS—of whom Monsieur is a son of the leader of the masked balls at the Grand Opera twenty years ago, and Madame is a New York woman, and who have been dazzling Paris by their splendid mode of life, have recently purchased, at an expense of $80,000, the Villa Pizzo, on Lake Como. It belonged to Archduke Reigner, and during the Archduke Maximilian's viceroyalty in Lombardy was his summer residence.

PRINCE ISMAIL BEY, of Egypt, has been made an "infant," and none of his debts, contracted without the written consent of his guardian, will be hereafter paid. This infant is about forty years old, and last summer lost twenty thousand dollars in one day at the Imperial Club, Paris.

SPECIAL NOTICES.

AYER'S PILLS—Are you sick, feeble and complaining? Are you out of order with your system deranged and your feelings uncomfortable? These symptoms are often the prelude to serious illness. Some fit of sickness is creeping upon you, and should be averted by a timely use of the right remedy. Take Ayer's Pills, and cleanse out the disordered humors—purify the blood, and let the fluids move on unobstructed in health again. They stimulate the functions of the body into vigorous activity, purify the system from the obstructions which make disease. A cold settles somewhere in the body, and deranges its natural functions. These, if not relieved, react upon themselves and the surrounding organs, producing general aggravation, suffering and derangement. While in this condition, take Ayer's Pills, and see how directly they restore the natural action of the system, and with it the buoyant feeling of health again. What is true and so apparent in this trivial and common complaint is also true in many of the deep seated and dangerous distempers. The same purgative effect expels them. Caused by similar obstructions and derangement of the natural functions of the body, they are rapidly and many of them surely cured by the same means. None who know the virtue of these Pills will neglect to employ them when suffering from the disorders they cure, such as Headache, Foul Stomach, Dysentery, Bilious Complaints, Indigestion, Derangement of the Liver, Costiveness, Constipation, Heartburn, Rheumatism, Dropsy, Worms and Suppression, when taken in large doses.

They are Sugar Coated, so that the most sensitive can take them easily, and they are surely the best purgative medicine yet discovered.

AYER'S AGUE CURE,

For the speedy cure of Intermittent Fever, or Fever and Ague, Remittent Fever, Chill Fever, Dumb Ague, Periodical Headache or Bilious Headache, and Bilious Fevers, indeed for the whole class of diseases originating in biliary derangement, caused by the Malaria of miasmatic countries.

This remedy has rarely failed to cure the severest cases of Chills and Fever, and it has this great advantage over other Ague medicines, that it subdues the complaint without injury to the patient. It contains no quinine or other deleterious substance, nor does it produce quinism or any injurious effect whatever. Shaking brothers of the army and the west, try it and you will endorse these assertions.

Prepared by J. C. AYER & CO., Lowell, Mass., and sold by B. A. FAHNESTOCK'S SON & CO., and by all Druggists. mh16:2mM&wF

RETROUVEY'S TURKISH BANDOLENIAN HAIR TONIC.

THE DRESSING AND RESTORER OF THE AGE! TURKISH BANDOLENIAN.

RETROUVEY'S TURKISH BANDOLENIAN. What can be more acceptable than anything that will beautify? that will restore nature's decay by stopping the hair from falling out, restoring its natural color, making it to grow in luxuriance and beauty, assist in putting it up according to the present style and fashion and keep it in place? This *Retrouvey's Turkish Bandolenian Hair Tonic* will do, and for proof we refer you to any person who has tried it. It is acknowledged to be the beautifier of the age, the only Hair Tonic and Restorer worthy of the name. In Turkey, in France, in England, in America—everywhere where the "Bandolenian" is known—it is pronounced the *ne plus ultra* of Hair Preparations. Remember, it is free from all metallic poisons that are contained in most Hair Colors and dressings. It is the extract of many flowers and herbs, beautifully put up, an ornament to the toilet.

For sale by all Druggists and Perfumers, wholesale.

FINANCE AND TRADE.

MONDAY, April 16, 1866.

Gold was a shade lower in New York to-day, being quoted at 125¼. Government bonds firm and a shade higher—1881s, 105⅝; 5-20s, 104@104⅛; 10-40s, 92½; 7-30s, 100⅜@100⅝. Cleveland & Pittsburgh Railroad stock, 80½; Pittsburgh & Fort Wayne, 91¾. In our local stock market, there is but comparatively little doing.

—The New York *Shipping and Commercial List*, of Saturday, comments on business movements in that city, during the past week as follows:

"The erratic upward movement in gold since our last has caused quite a reaction in the "feeling" in commercial circles, and those who were despondent last week, and inclined to accept of almost any offer for their goods, have become reassured, and now demand prices which are decidedly higher. The upward turn in gold is generally ascribed to a "short" movement, in view of which the influence exerted by it can hardly be expected to prevail for any great length of time. Indeed there was altogether less buoyancy yesterday than during the previous two days, and holders of most kinds of merchandise were inclined to negotiate on terms rather more favorable to the buyers. Few minds are capable of penetrating the uncertainty and doubt with which the future of Commerce and Trade is enshrouded, however, and with the probability of constant fluctuations in the price of gold, and by consequence of almost everthing in the way of merchandise, a more satisfactory position of affairs which shall promise to be permanent can scarcely be looked for until the value of gold and the "currency" shall have become equalized. In view of these facts it is not strange that the desire for a resumption of specie payments should increase, even among those who would receive no immediate benefit, but to whom the reduction of prices to a gold basis might prove of positive disadvantage. But the week closes with a more comfortable feeling on the part of the majority of business men, many of whom entertain the hope that prices have touched bottom, and accordingly argue that the next change will be for the better. But, as in the past, merchandise which has been controlled mainly by the gold quotations will still be dependent upon the fluctuations of that commodity, no matter how erratic they may be, or whether caused by speculators, the financial position of current events. The business transacted since our last, shows considerable improvement over that of the preceding three days, both as regards the volume of Trade and the price realized—as shown by the details in our Review."

—So little attention has of late been given to the subject of oil production (says the Philadelphia *Press*) that persons are apt to infer that the trade has quite died out. Such an inference is not justified by the facts. Oil speculation, especially as it bore on the stock of incorporated companies, is, it is true, almost at an end, and there are very few in this city who do not have a lively recollection of that ill-starred excitement. The oil trade itself, however, is still prosecuted with vigor. The operations of oil-seekers in various new localities in Ohio, West Virginia and in our own State, during the past winter, have developed new and rich oil territories. The land-speculation fever has subsided, and the well-directed efforts of small capitalists and patient toilers are establishing the fact that oil mining is a legitimate and remunerative business. The development of the oil regions of the country to-day is in the hands of actual producers, just as much as the agricultural lands are under the direction of the farmer. The evidence of this may be found in the increased supply of petroleum, which, notwithstanding the numerous uses it is now put to, as well as new uses which almost daily develop themselves, is scarcely equal to the demand.

—The loan bill having received the signature of the President, there is a prospect now that mercantile affairs will become more settled. Its practical use, in the hands of the Secretary of the Treasury, will be looked for with some interest; yet it cannot but be admitted that the apprehensions of terrible effects, which many have pretended to entertain, have no reasonable foundation—the less so now, since a very emphatic bar is placed in the way of a rapid retiring of legal-tender notes. The objections to investing the Secretary with large discretionary power, so far as they were based on the danger of settling bad precedents, were rightly taken, and ought to have had some heed in the way of a better substitute. As the matter stands, however, we doubt whether there is the least occasion for fear that the Secretary will, even if he can, inaugurate radical disturbing changes in the financial situation.

Finance and Trade in New York.

MONEY AND STOCKS.

NEW YORK, April 16.—Gold closed at 125¾@125⅞. Money market easy and in moderate demand at 4@5 per cent. The market for railway shares was stronger at the second regular and open boards, with Erie, Pittsburgh and Rock Island as the features. Government Securities continued in demand to the close of the day, and the last sales were the highest of the day. The Miscellaneous List was active at the close, but the business of the day has been very heavy.

Petroleum and Mining Shares quiet this afternoon. Buchanan, 36; Empire, 25; United States, 900; Pithole Creek, 28; Clinton, 100; Bennehoff, 11,00; Benton, 195; Holman, 43; Montana, 115; Quartz Hill, 425; Kipp and Buell, 220.

Foreign imports for February at New York, $30,892,557; since July 1st, $239,405,985. Exports for the same time—currency, $177,346,862. Balance in the Sub-Treasury, $90,768,862.

DRY GOODS MARKET.

The market to-day looks weak. The feeling among buyers is that goods must go lower. The news from Europe in regard to cotton has had the effect to depress all kinds of cotton goods. Notions and fancy goods are dull, both domestic and foreign. Black silks are dull. Black cloths and cassimeres are lower. Good brands of flannels maintain their prices. Choice dress goods bring full prices. Fine alpacas in black and colors in fair demand. Prints—Allen, 18; Americans, 18½; Amoskeag, 17; Arnold, 16; Cocheas 21; Garner & Co., 20; Lancaster, 18; Pacific, 19. Ladies' Sackings—Dexter, 165; Garibaldi, 140; Middlesex, 165; Washington, 165. Brown Sheetings—Atlantic, A, 26; do., D, 22; Augusta, 22; Great Falls, M, 23; do., S, 21; Medford, 23; Nashua, Extra, 22; Park, 20; Pittsfield, A, 18; Shacomut, 24; Wachusett, 24½; do., 36 inch, 20; Pepperell, E, 25; do., R, 23; do., O, 21. Bleached Shirtings—Androsloggins, 36½; Ballou & Son, 25; do., 33 inch, 22; Blackstone, 27½; James, 36 inch, 30.

Prices of Mining Stocks bid in Boston, today. Copper Falls, 44; Hancock, 21; Water Power, 37½; Isle Royal, 12; Minnesota, 13½; Quincy, 46; Waverly, 3½; Bay State, 11.

Boston Iron Market.

BOSTON, April 14.—The market for pig iron rules very dull, and prices for both foreign and domestic have further declined. Stocks continue to accumulate, with considerable receipts of Scotch, and consumers are taking only very small lots for present use. Trade has been checked, and the downward tendency accelerated, not only by the labor "strikes" and suspension of iron works in various parts of the country, but by the proposed action of Congress to exempt the article from internal taxation, which will doubtless be carried into effect. The market for manufactured iron is dull and unsettled, and prices of most kinds strongly sympathize with the decline in pig. As present stocks, however, are the product of high-priced material, the decline in values must be quite gradual.

Scotch pig is in abundant supply and lower, with sales of No. 1 at $48@50 per ton, as to brand, in small lots from store. American has also further declined, and selling in lots at a range of $45@50 per ton, for the different numbers. Charcoal pig is steady at $60@75 per ton, cash. Bar iron is unsettled and dull, with small sales of both English and American at $100@105 per ton for common, and $110@$115 for refined. Railroad iron is selling at $56@57 per ton, gold, for English, and $85@87½ currency, for American. Boiler plates are in fair demand at 8½c for flanges, 6½c for C No. 1, and 6c per pound for common and tank. Russia sheet is quiet at 20@21c per lb. English do is firm at 7@10½c. Nails are selling at 7½c per lb for assorted sizes.—*Bulletin.*

New York Market.

NEW YORK, April 16.—Cotton opened heavy and lower and closed firm at 37@38c for Middling. Flour 10@15c better, with a pretty good demand, at $7,45@7,80 for Extra State, $8,50@8,80 for Extra State, and $8,85@11,35 for Trade Brands, the market closing firm with no sellers at the inside quotations. Whisky quiet and nominally unchanged. Wheat more active and 1@2c better; $1,68 for good Chicago Spring, $1,65 for old Milwaukee Club, $1,70@1,74½ for No. 1 Milwaukee, $2 for common New Amber Chicago, $2,20 for good do., and $2 for inferior White Michigan. Barley and Barley Malt dull and nominally unchanged. Corn dull and nominal, with trifling sales at 78@81c for unsound, and 87@88c for sound Mixed Western, both in store and delivered. Oats 1c better, at 42@45c for New Western, and 58@59c for Old do. Coffee dull. Sugar dull; Cuba 10½@11½c. Molasses dull; small sales of Porto Rico at 70@75c. Petroleum dull at 24½c for Crude, and 37@38c for Refined in Bond. The Pork market opened firmer and closed heavy at $26@26,37½ for New Mess, closing at $26 cash; $25@25,25 for old do., and $21,50@22 for Prime; also 5,500 bbls New Mess, April, May and June, sellers' option, at $25,87½@26,25. Beef steady; $15,50@19,50 for New Plain Mess, $20@24 for New Extra Mess. Beef Hams unchanged; sales 2,750 bbls at $34@39. Bacon steady; 14c for Cumberland Cut, 17c for Short Clear, 14½@16c for Short Ribbed, and 15c for choice do. Cut Meats quiet; 10@11½c for Shoulders, and 15@17½c for Hams. Lard steady, at 16@18½c. Butter quiet, at 25@45c for Ohio and 40@60c for State. Cheese dull at 16@22c.

New York Seed Market.

NEW YORK, April 14.—Clover is in fair demand at steady prices; sales 5@600 bags at 8¼@12 cents for Western and State. Timothy is firm at the recent advance, but the business is light; about 200 bags have been taken at $5,35@5,50. Flax is very quiet, and the sales have been confined to 4@500 bush at $2,40@2,50. Linseed has sold at an advance—We heard of sales in Boston of 2000 bags Calcutta per "Roswell Sprague" at $2,29; 1000 do per "Colorado," $2,25; and 2000 do per "Patrician" $2,30, gold.

PITTSBURGH MARKETS

OFFICE OF THE PITTSBURGH GAZETTE, }
MONDAY, April 16, 1866. }

There is a perceptible improvement to note in the tone of the general markets, both as regards demand and prices, and some articles are decidedly firmer, and held at a material advance. There is some little excitement in Flour, in consequence of an advance of from twenty-five to fifty cents per barrel, and Grain, also, is in light supply and held firmly, especially Oats. Groceries firm, but without quotable change, and the same remarks will apply to Provisions.

ASHES—Steady, with a fair demand but unchanged. Sale of 6 tons Pearls at 12; 12 tons common Soda Ash at 6, and 5 tons Refined do at 7.

GRAIN—Wheat is firmer, and in better demand. Sales of 2 cars prime Red Winter at $2; and 1000 bush Club at $1,75@1,80. Oats firm but unchanged—may be quoted at 49@50 to the trade, and 53@55 for small lots from store. Sale of 400 bush Shelled Corn at 63; and small sales at 70@75. Barley is firmer but unchanged.

FLOUR—There is a continued good local demand for Flour, and the market is firm and somewhat excited, with an upward tendency. We can report sales from store at $8,75@9 for good to choice brands of Spring Wheat; $10 for half Spring and half Winter, and $10,50@$11 for Winter Wheat, the latter figure for choice brands.

PROVISIONS—Bacon is quiet but steady, with a fair jobbing demand at 13 for Shoulders; 15@ for Ribbed Sides, and 20@21 for Sugar Cured Hams. Sale of 14 kegs country Lard at 17, and prime kettle is held at 18@18½. No demand whatever for Mess Pork.

POTATOES—The arrivals continue large, under the influence of which the market is a little weak, but, as yet, prices are still sustained—ranging from $1,30 to $1,35 per bushel, and $3,75@4 per bbl.

BUTTER—The demand is less active, but prices remain unchanged; sales of good to choice Roll at 45 to 50.

CHEESE—Goshen Cheese is firm at 25. Hamburg is selling at 23.

HAY—Is scarce and firm. Sales from scales at $23@25 per ton. But little baled in market.

SEEDS—Flaxseed is in demand and scarce at $2½. Cloverseed is quiet—small sales at $5½. Timothy is held at $4¼@4½.

PITTSBURGH PETROLEUM MARKET.

OFFICE OF THE PITTSBURGH GAZETTE }
MONDAY, April 16, 1866. }

CRUDE—The market for Crude was steady and moderately active to-day, though the transactions in the aggregate fall below those of Saturday considerably—buyers, generally, holding off in expectation that the reported rise in the Allegheny River will have a tendency to keep up the arrivals, and weaken the market somewhat. We continue to quote at 13 to 13½, bbls returned, and 18 to 18½, bbls included—on the spot. For future delivery, sales are making at 14 to 14½, and July delivery would probably bring 15. Sale of 350 bbls at 13; 175 at 13; 600 in bulk, at 13½; 400 do do, at 13¾; and 2000 bbls, for future delivery, on private terms. Telegrams from Oil City to-day report Crude firm at that point at $4,25 per barrel.

REFINED—The market for bonded oil was unusually quiet and dull to-day, owing in some degree, to the adverse reports from the East. For immediate delivery in Philadelphia, 38 was the best offer to-day—no sales reported. May delivery may be quoted at 39@40; June 41½@42; July 43; and August 44@45—the inside figure offered and the outside figure asked. We have but one sale to report, 500 bbls for June at 42. On the cars here, sales were made on Saturday at 35 for May, and 1 39 for June. Nothing doing in Free Oil.

NAPTHA AND RESIDUUM—There is apparently, no demand whatever for Naptha, and in the absence of transactions it is impossible to give quotations. Sale of 200 bbls Residuum at $4 per bbl, f. o. b.

ARRIVALS—The arrivals of Crude by the Allegheny River since our last report, were as follows:

Boston Wool Market.

BOSTON, April 14.—The activity in this staple noted last week, continues to a fair extent though the sales do not come up to the large aggregate then reported. Some heavy consumers, who have lately taken large lots in anticipation of their wants, have retired from the market. But buyers are still quite plenty at the reduced rates last quoted, and wherever these are accepted by holders, there is a good business doing. In fact, the supply of domestic wool is being rapidly reduced, and at the present rate of consumption the market must be left quite bare of all grades before the new clip is available.

Indeed, holders are generally quite firm at present prices, and not a few are indisposed to sell freely, especially their fine wools, at these low rates, hoping for an improvement later in the season. The best lots of Ohio and Pennsylvania fleece cannot be moved at former quotations, and the few sales of these which have occurred the past week, have been at higher figures. Low fleece wools are selling quite freely at irregular prices, but medium grades, especially of the long stapled varieties, command relatively better rates.

Sales of domestic for the week foot up some 650,000 lbs, at a range of 45@72½c for fleece, and 35@65c for the various grades of pulled. Included are lots of Western fleece at 45@55c, as to grade; Ohio at 50@55c for medium, and 60@65c for fine; do and Pennsylvania choice at 65@70c; and 15,000 lbs double extra do at 72½c. In California, sales 20,000 lbs inferior at 25c. In foreign, the transactions have been light, including severel lots of Mestiza at 21@25c, gold, and Cape at 35@40c, currency.—*Bulletin.*

Cincinnati Karket.

CINCINNATI, April 16.—Flour is in good demand, and prices are still advancing; standard superfine, $7@7,25; do extra, $8@8,50; do family, $9,50@10; fancy, $10,50@12. Wheat is unsettled and higher; No. 2 new red, $2; No. 1, $2,15@2,20; old do is held at $2,40@2,50. Corn is in good demand at 52@53c in the elevator. Oats held higher; No 1 at 40c and No. 2 at 36c. Rye firm at 70@75c. Barley firm at $1@1,10 for refined to choice winter, and $1,25 for Canadian. Whisky firm at $2,22. Provisions opened firmer, but closed rather quiet. Mess pork sold at $25,25@25,50 for country and city. Bulk meats held at 10@13@14½, but not much done. Bacon, 12@14½@15½c. Lard held at 18½@19c, but no buyers at over 18c. Groceries unchanged. Cotton dull; no accurate quotations can be given. Gold closed at 125½.

RIVER, WEATHER, ETC.

The river was about at a stand here last evening, with scant seven feet in the channel by the marks last evening. The Allegheny was rising steadily at Oil City yesterday forenoon, with thirty-eight inches in the channel, and the rise there may possibly produce a slight swell here. The weather yesterday was cloudy and warm, with indications of more rain.

There has not been a single transient arrival since our last report, and the Nora, from Cincinnati, is the first boat due. She left Cincinnati on Saturday, and consequently ought to arrive here by Wednesday. The Emma Graham, from Zanesville, got in on Sunday night, with a fair trip. She brought up the remains of the daughter, of Capt. Darrah, of the ill-fated steamer Financier. The body, we learn, was recovered on Sunday about one hundred yards below where the disaster occured.

The Allegheny River packets Peerless and Urilda left for Oil City last evening. The Peerless, apparently, had a very good trip.

Passengers and shippers should bear in mind that the new and reliable Glasgow, Capt. Geo. W. Johnston, will be the first boat out for Cincinnati and Louisville. She will be ready to take her departure on Wednesday evening.

The Importer, Capt. Noss, will be ready to leave for St. Louis this evening, and passengers and shippers should bear this fact in mind. Being a new boat, she has excellent accommodations for passengers, and is in charge of careful and experienced officers.

The Kate Robinson, Capt. Robinson, will be ready to take her departure for the Missouri River this evening.

The Emma Graham, Capt. Stull, is the regular packet for Zanesville to-day, leaving promptly at 4 p. m.

The Deleware, Capt. Harton, is next on the list for the Upper Mississippi, and the new steamer Nile, Capt. Hazlett follows the Kate Robinson for the Missouri River.

The Cincinnati *Commercial*, of Sunday says:

There is one item worthy of record, a reduction of the wages of pilots. We understand the Wheeling pilots have reduced their wages from $300 to $150 per month each. The Edinburgh procured pilots yesterday at the reduced rates. The New York, which departed for St. Louis Friday night, procured pilots at $125 each for the round trip, the former rate being $250 each for the trip. We are informed the Lawrence has also engaged St. Louis pilots at the same figures. The expense of steamboats being almost as heavy as during the war, while freights rule as low as previous to the rebellion, with superabundant tunnage and a scarcity of freight for all points, steamboats pay better by laying at the bank, than running. Such being the case, the expenses must be reduced to meet the emergency, and it is gratifying to record the fact that pilots have at length concluded to work for a reasonable compensation.

From the Louisville *Courier*, of Saturday, we glean the following items:

A flatboat came in from Hanging Rock, Ohio, yesterday, with 250 tuns pig iron for this market. A huge raft of pine lumber was wafted into port yesterday on the late tide, all the way from the upper waters of the Allegheny, where they measure rafts by the mile. This raft consists of two million feet of choice pine, all for this market. The towboat Hornet ascended the falls yesterday on her way to Pittsburgh. She brought up from Cairo a fleet of eight barges. The Wm. Osborn, a railroad ferryboat, came in from Pittsburgh yesterday under the guidance of Capt. Ben. Morris. The Wm. Osborn was built for the Mississippi River, to ply in connection with the railroads of North Missouri, and descended the falls to her destination in the morning. The Fred. Wilson, towboat, took a tow of barges down over the falls yesterday.

The Camelia was advertised to leave Nashville for Pittsburgh on Friday last.

DR. KEYSER'S Pectoral Syrup CURES CONSUMPTION Cures Bronchitis CURES COLDS, Cures Asthma CURES All Diseases of the Lungs

A case of five years' standing cured by DR. KEYSER'S PECTORAL SYRUP.

PITTSBURGH, January 31, 1860.

DR. KEYSER:—My wife has been affected with a bad cough and difficulty of breathing for five or six years, which, for several years back, had gradually increased in violence. The complaint has been hereditary, and she had been treated by several physicians without any relief. In this state of her case, I procured some of your PECTORAL COUGH SYRUP. I bought, the first time, a fifty cent bottle, which relieved her very much; I then called and got a dollar bottle, which cured her entirely, and she has now no trace of the former disease, except weakness. I would also state that I used the medicine myself for a cold and cough. The medicine cured me by taking one dose. I express my entire satisfaction with the medicine, and you are at liberty to publish this if you desire to do so.

WM. WILSON,
Alderman, Fifth Ward.

PITTSBURGH, April 24, 1857.

READ THE TRUTH.—DR. KEYSER—I have a daughter who has taken several medicines for a bad cough without benefit, among them Ayer's Cherry Pectoral. I purchased from you a bottle of your Pectoral Syrup, and before she had used half a bottle she was relieved. The second bottle cured her entirely of her cough.

JOHN DARIN,
Robinson street, Allegheny.

PITTSBURGH, December 31, 1858.

A GREAT CURE BY DR. KEYSER'S PECTORAL SYRUP.—I live in Peebles township, Allegheny county. I had a cough and spitting, which commenced about the 4th of February last, and continued eight months. I employed the best physicians in the country, and my cough continued unabated until early in October. At that time I was advised to try your Pectoral Cough Syrup, which I did, and after I had taken one bottle I was entirely free from the coughing and spitting. I had despaired of ever getting well, and I think it should be known that this valuable remedy will do for others what it has done in my case.

JOHN C. LITTLE,
Peebles township.

Witness: B. M. KERR.

PATTON TOWNSHIP, April 14, 1858.

A WONDERFUL CURE.—Some time ago an old neighbor of mine was very ill with a bad cough, which every one supposed to be consumption. His relatives told me that he had taken every remedy they heard of without benefit; his brother came to see him die, and all were confirmed in the belief that he could not live. I had about the third of a bottle of your Pectoral syrup, which I gave him, and it entirely cured him, to the astonishment of all. What makes the case more remarkable, is the extreme age of the man, he being about eighty years old. I have no doubt the Pectoral saved his life.

JOHN McGINNIS.

DR. KEYSER'S PECTORAL SYRUP IN BLAIRSVILLE.—Please send me another supply of your valuable Pectoral Syrup. Almost everybody around us has the cold, and are enquiring for "Dr. Keyser's Pectoral Syrup." We have sold sixteen bottles the last week, and are now entirely out. Mr. A. Alter and Mr. P. Maher, both of Blairsville, Pa., told us they would not be without it in their families. In fact, all who use it once want it again.

Yours, respectfully,
J. S. WATTERSON & SONS.

PITTSBURGH, November 18, 1858.

DR. KEYSER:—Although not an advocate of Patent Medicines, in general, it affords me pleasure indescribable to recommend your PECTORAL SYRUP. As a medicine, it is well worthy the attention of any person who may in any manner be afflicted with coughs, colds and hoarseness of any kind, and for the peculiar qualifications for removing all that disagreeable sensation attending a severe cold.

I have been, more or less in my life, affected with the severest of colds and hoarseness. At times my throat would become so closed as to prevent my speaking above a whisper, and by taking a few doses of the above Syrup it would relieve me entirely.

In recommending this medicine, I must unhesitatingly say that it is the best remedy I ever found, purporting to cure the above, nor should any family be without this remedy for diseases so prevalent.

Yours, most respectfully,
EDWARD J. JONES,
Cashier Citizens' Deposit Bank.

STEUBENVILLE, Ohio, March 14, 1858.

I have used Dr. Keyser's Cough Syrup for a bad cough of several years standing, and can cheerfully say it is the best medicine for the same that I have ever taken.

J. W. PRICE.

COL. PRATT AND DR. KEYSER'S PECTORAL SYRUP.—DR. KEYSER—Dear Sir: Excuse the delay of my acknowledging the excellence of your Pectoral Cough Syrup sooner. I take great pleasure in saying that it is all you say it is. It knocked the noise out of my cough, and the worst one I was ever afflicted with. I have not used more than one-half of the bottle, and I can and do wish that all who are afflicted would give it as fair a trial as I have done, and they will be proud to say, "It is no quack medicine." I would not suffer another such an attack for any consideration, or at any cost. I am confident I can breathe more freely than I ever did. I shall always acknowledge a debt of gratitude for inventing so excellent a remedy. You are at liberty to use my name in this regard as you think proper.

E. F. PRATT.
Messenger Common Council, Pittsburgh, Pa.

N. B.—I am no stranger to my fellow-citizens, and all who entertain doubts can consult me personally.

E. F. P.

ANOTHER NEW CERTIFICATE.—DR. KEYSER'S PECTORAL SYRUP.—I had been troubled with a cough and cold for several weeks—so bad was it that I could not sleep. I had the advice and prescriptions from three of the best physicians in the city, whom I could name, but do not do so. I finally procured a bottle of your Pectoral Syrup, which cured me entirely.

(Signed) J. W. SIMONTON,

January 9th, 1860.

"STOP THAT COUGHING."—"How can I do it?" Go to Keyser's, on Wood street, and get a bottle of his Cough Pectoral, and if that don't cure you, your case must be desperate indeed." This is a specimen of the colloquy one hears every day in cold-catching periods of the year. And we can, from actual experiment, cheerfully concur in the adviser's admonition as above, for we have tried the "Pectoral," in a most stubborn case, with entire success. Near two weeks ago we went to Pittsburgh, with one of the most distressing, contrary, mulish, unsubduable coughs we ever experienced since our advent upon this mundane sphere. We coughed steadily and laboriously for one whole week, in hopes of tiring it out, but it was no go. In fact, it seemed rather to have improved by practice, and to have acquired strength, potency and irresistibility by the operation. In this stage of the siege, we coughed our way to Keyser's, No. 140 Wood street, procured a fifty cent bottle of the "Pectoral," took it according to directions, and in forty-eight hours we were master of the field, the enemy having unconditionally surrendered, after a brief, but unequal conflict with so formidable an adversary as Keyser's famous Cough Pectoral.—*Brownsville Clipper, Jan. 14, 1860.*
